## EXPERIENCE

### Founder, CEO

*Jan 2016 - Present*

EthosLabs.us

- Serve as a bridge between the public, private, and non-profit sectors in various localities to drive collaborative innovation, such as policy reform, technology deployment, or community engagement.
- Work with senior government officials—Mayors, City Managers, and department leaders—to develop new technology programs, helping them create strategic plans for better leveraging technology for policy objectives. Former city partners have taken Ethos' recommendations to hire C-level technology leadership, launch open data programs, and procure new, innovative software-as-a-solution technologies.
- Consult with multiple startups to improve their product, positioning and marketing; supported updates to their business models; and connected them with potential hires and partners, including investors and clients. Ethos-supported startups have closed venture capital financing rounds (Series A and B), have seen significant growth (>500%) in ARR, or finalized successful exits.

### Chief Innovation Officer (Consulting)

*Jan 2016 - Feb 2017*

City of Sacramento Mayor's Office

- Developed and launched the city's landmark \$10M Innovation and Growth Fund (IGF) to promote entrepreneurship and innovation, which was approved by the city council unanimously.
- Created and administered the RAILS \$1M grant program—Rapid Acceleration, Innovation, and Leadership in Sacramento—to support local startups enablers, which received over 140 applications, totaling over \$17M in grant requests.
- Built the Mayor's Office for Innovation and Entrepreneurship, recruited permanent staff (including permanent CIO), and codified policies and budget through City Council, ensuring institutional sustainability.
- Recruited and managed the Mayor's Tech Council of key technology leaders to provide outside expertise on city policy.

### Chief Data Officer

*Sept 2014 - Oct 2015*

City of Los Angeles Mayor's Office

- Led Los Angeles to #1 ranking for US open data cities in under one year, by publishing over 400 datasets; earned the Platinum Open Data Certification from international data consortium, WCCD.
- Built Mayoral Dashboard, which is used regularly by the Mayor and Senior Staff to increase performance and accountability; the dashboard has saved the city over \$180K, and has been freely reused by other cities.
- Crafted the city's Open Data Policy in collaboration with national policy experts, which has been recognized as the most comprehensive in the country.
- Developed nationally-recognized analytics partnership with local universities to use data science to address policy issues including crime, building safety, and personnel.
- Set up first-of-its-kind city data GeoHub (GIS) to share over 1,000 datasets more easily internally and externally.
- Mobilized the local volunteer community to include 10K+ members that host monthly events and app competitions focused on sustainable innovation; ran largest civic hackathon in the country.
- Supported multiple departments—e.g. Personnel and Fire—in digital transformations through trainings and consultations to enhance citizen experience and reduce costs; earned LA the ranking of #1 Digital City.

## **Co-Executive Director (Interim)**

May 2010 - March 2014

### **Code for America**

*Previously: Chief of Staff, Director of Strategy & Communications*

- Helped build, launch, and run international non-profit designed to transform local governments through technology, leading growth, product strategy, and assessment.
- Implemented fundraising strategy for a \$10M+ budget, including foundation engagement, corporate sponsorship, and individual philanthropy. Managed and grew multi-million dollar grant relationships with Omidyar Network, Google.org, and other major national foundations.
- Create groundbreaking technology fellowship program for local governments in 2011, recruiting over 360 applicants for inaugural class, selecting top 20 for three teams that created over 20 civic applications in partnership with 3 cities.
- Spearheaded development of growth programs: the first-of-its-kind civic startup accelerator, leading to dramatic growth in activity in the space; the Peer Network, a collaborative platform for over 100 government change-agents; and the CfA Brigade, a now 10,000+ member community of volunteer civic technologists.
- Launched internationalization strategy of "Code for All" with various partners including the World Bank.
- Chaired Code for America Summit, the premier gathering of ~1,000 civic innovators from around the world, leading strategy, editorial, and design, growing attendance 275 percent and revenue 150 percent.
- Published *Beyond Transparency*, an anthology compiling dozens of case studies from civic leaders on open data.
- Built policy focus areas (e.g. public health) building product teams designed to develop reusable apps.
- Designed branding campaigns featured in the *New York Times*, *Mashable*, *Gizmodo* & *Boing Boing*.

## **Manager**

September 2006 - April 2010

### **Rose Institute of State and Local Government**

- Oversaw 30 student researchers, supervised project work, handled personnel, and coordinated budget of over \$50,000 with senior staff, focused on government innovation and transparency research agenda.
- Led National Ballot Initiative open data project, researching and cataloging over 900 measures for public access, which led to publication of scholarly book, "Direct Democracy and the Courts," published by Cambridge University.
- Led the Digital Archiving project of 20 student employees to publish hundreds of political documents online, becoming the first digital political library for the state of California.

## **Google**

June 2009 - August 2009

### **Product Marketing**

- Developed social media strategy for integration into other and future enterprise marketing campaigns.
- Conducted market research, designed landing page, and built social tools for "Gone Google" campaign
- Developed B2B marketing strategy for a typically consumer product, driving adoption of social media marketing within the organization

## **COMMUNITY & INDUSTRY INVOLVEMENT**

### **Board Member (Vice-Chair)**

May 2014 - May 2017

### **OpenGov Foundation**

- OpenGov Foundation is a non-profit that builds technology to bridge the gap between citizens and their elected officials at the local, state, and federal levels.
- Advised Executive Director on growth, product, marketing, and management strategy; and supported fundraising efforts from national foundations, and partnerships with local governments.

## **Board Member (Vice-Chair)**

*May 2014 - September 2017*

### **Data4America**

- Data4America is a nonprofit, nonpartisan educational initiative helping people learn about government using data science, data visualization, and public conversations.
- Helped launch and develop organizational strategy; provided editorial feedback and focus.

## **HONORS & RECOGNITIONS**

- Blair Award for State and Local Government
- Partner, Truman National Security Project
- Top 10 CDOs to Watch, Technical.ly
- Mentor & Speaker, University of Chicago Harris School of Public Policy
