

Abhi Nemani

abhi.nemani@gmail.com | 618-322-2220 | abhinemani.com | St. Louis, Missouri

Summary: Entrepreneur, scholar, and public servant, Abhi Nemani has over 14 years of experience in government technology leadership, with expertise in go-to-market, product, talent, and M&A. Abhi built Code for America, Los Angeles' Office of Data, and Sacramento's Office of Entrepreneurship, and he has helped government technology companies scale up to serve over 200M people. Abhi holds graduate credentials in business from Stanford (eMBA), public administration from USC Price (MPA), and advanced finance from The Wharton School (AFP).

Skills: Research-driven product & marketing, partnerships, due diligence, PE/VC & philanthropic fundraising, financial strategy, government relations, evangelism, full-stack development (Ruby, JS, PHP, CSS), and data science (Python, Tableau).

EXPERIENCE

EthosLabs.us

Founder & Managing Director

February 2017 - Present

- Built and manage a portfolio of government technology (GovTech) startups to develop their sales, product, and marketing. Ethos companies now cover over 5,000 local governments internationally serving over 200M people with a focus on citizen engagement, AI, workflow automation, and economic development. Portfolio companies include SPIDRTech (acquired), CityGrows (acquired), GovDelivery (acquired), ZenCity, POLCO, HeyGov, and Camino.
- Drive mergers & acquisition strategy for Private Equity firms (ONEX Partners and Welsh, Carson, Anderson & Stowe), advise philanthropy (Knight Foundation & Arnold Foundation) on grantmaking and metrics/analytics, and consult corporates on enterprise growth (Granicus) on deals ranging from \$5M to \$2B.
- Advise senior government officials (e.g., New Jersey Attorney General & Governor of California) and non-profits to create and implement innovation strategies for economic development, talent recruitment, and IT modernization.
- Built, maintain, and grow an online community of over 550 technologists working in or interested in the public sector —GovGeek.club—to promote GovTech job opportunities and news.
- During COVID lockdown, rebuilt a critical NGO's digital strategy and systems from in-person to online, expanding its reach from roughly 30,000/month to ~1.2M/month.

University of Chicago

Civic Technology Lecturer

January 2019 - September 2019

- Developed and taught new course on Civic Technology — including best practices, opportunities and challenges specific to the industry — for flagship Masters in Computational Analysis and Public Policy (MS-CAPP) program.

City of Sacramento

Chief Innovation Officer

January 2016 - February 2017

- Developed and launched the city's landmark \$10M Innovation and Growth Fund (IGF) to promote entrepreneurship and innovation, which was approved by city council unanimously.
- Created and administered a \$1M grant program—Rapid Acceleration, Innovation, and Leadership in Sacramento (RAILS)—to support local startups enablers, receiving 140 applications, totaling over \$17M in grant requests.
- Led first-of-its-kind investment from a municipal government in a national venture capital fund and program (500 Startups), making the city an LP and encouraging startup relocation to Sacramento.
- Built the Mayor's Office for Innovation and Entrepreneurship, recruited permanent staff (including permanent CIO) and the Mayor's Tech Council of local leaders, and codified policies and budget through City Council.

City of Los Angeles

Chief Data Officer

September 2014 - October 2015

- Led Los Angeles to #1 ranking for US Open Data cities in under one year, by publishing over 400 datasets; earned the Platinum Open Data Certification from international data consortium, WCCD.
- Built Mayoral Dashboard, which is used regularly by the Mayor and Senior Staff to increase performance and accountability; the dashboard has saved the city over \$180K, and has been freely reused by other cities.
- Set up first-of-its-kind city data GeoHub (GIS) to share over 1,000 geospatial datasets more easily internally and externally, and deployed various critical applications atop this platform.
- Mobilized the local volunteer community to include 10K+ members that host monthly events and app competitions focused on sustainable innovation; ran the largest civic hackathon in the country.
- Supported multiple departments—e.g. Personnel and Fire—in digital transformations through training and consultations to enhance citizen experience and reduce costs; earned LA the ranking of #1 Digital City.

Code for America

Co-Executive Director

May 2010 - March 2014

Previously: Chief of Staff, Director of Strategy & Communications

- Built, launched, and ran an award-winning non-profit designed to transform local governments through technology, leading product, growth, and assessment, which grew work with hundreds of cities and became a model for the White House's digital strategy.
- Created groundbreaking technology fellowship program for local governments in 2011, recruiting over 360 applicants for the inaugural class that created over 20 civic applications in partnership with 3 cities. Over the next three years, the fellowship expanded to 10 cities per year with 30-35 fellows, building hundreds of civic tools.
- Implemented fundraising strategy for a \$15M+ budget, including foundation engagement, corporate sponsorship, and individual philanthropy. Managed and grew multi-million dollar grant relationships with Omidyar Network, Google.org, and other major national foundations, and paired charitable contributions with sales revenue from contracts with dozens of governments.
- Led communications, press relations, and marketing, generating coverage in the *New York Times*, *Wall Street Journal*, *WIRED*, and more, and driving hundreds of applicants for every CfA program, ranging from fellows and startups to government partners. CfA marketing and products were recognized by AdWeek and Interaction Design Awards.
- Spearheaded development of growth programs: the first-of-its-kind civic startup accelerator, leading to dramatic growth in activity in the space and the CfA Brigade, a now 50,000+ member community of volunteer civic technologists.
- Launched internationalization strategy by building sister NGO, "Code for All" with partners including the World Bank.
- Chaired Code for America Summit, the premier gathering of ~1,000 civic innovators from around the world, leading strategy, editorial, and design, growing attendance 275% and revenue 150%.

Rose Institute of State and Local Government

Manager

September 2006 - April 2010

- Oversaw 30 student researchers, supervised project work, handled personnel, and coordinated budget of over \$50,000 with senior staff, focused on government innovation and transparency research agenda.
- Led National Ballot Initiative open data project, researching and cataloging over 900 measures for public access, which led to the publication of a scholarly book, "Direct Democracy and the Courts," published by Cambridge University.
- Led the Digital Archiving project of 20 student employees to publish hundreds of political documents online, becoming the first digital political library for the State of California.

COMMUNITY & INDUSTRY INVOLVEMENT

Leading Cities (GovTech Accelerator / NGO)

Board of Directors

July 2022 - Present

Public Interest Technology University Network (PIT-UN)

University Challenge Selection Committee

May 2022 - Present
