EXPERIENCE

Founder, CEO

February 2017 - Present

EthosLabs.us

- Connect entrepreneurs in public, private, and non-profit sectors to make more responsive social policy, developing new approaches and technologies to implement them, on issues ranging from criminal justice to public health.
- Work with senior government officials to create and implement innovation strategies. Public officials have worked with Ethos to set technology and economic development policy, modernize IT departments, and boost transparency.
- Advise, consult with, and invest in civic startups with a focus on fundraising, product, and marketing. 100% of Ethos' startups have closed VC financing rounds; many have seen significant growth (>500%) in ARR; and some have successfully exited.
- Built and continue to grow a library of best practices and a community of public innovation professionals to connect, strengthen, and connect the industry.
- Past partners include major foundations, (e.g., Knight & Arnold), governments and campaigns (e.g., NJ Attorney General's Office & Newsom for CA), and civic technology organizations (e.g., ZenCity, GovDelivery & Litterati).

Civic Technology Lecturer

January 2019 - December 2019

University of Chicago Computational Analysis and Public Policy Program

- Developed new course and curriculum on Civic Technology — including best practices, the existing ecosystem, and challenges specific to the industry — for masters students in the Computer Science and Public Policy schools during a one-year appointment; taught course to 30+ students, while helping them find new positions upon graduation.
- Concluded year-long contract position by published course materials — syllabus, reading list, and lecture slides and notes — openly, which dozens of other schools and NGOs internationally have used in their own training programs.

Chief Innovation Officer

January 2016 - February 2017

City of Sacramento Mayor's Office

- Developed and launched the city's landmark \$10M Innovation and Growth Fund (IGF) to promote entrepreneurship and innovation, which was approved by the city council unanimously.
- Created and administered the RAILS \$1M grant program—Rapid Acceleration, Innovation, and Leadership in Sacramento—to support local startups enablers, which received over 140 applications, totaling over \$17M in grant requests.
- Built the Mayor's Office for Innovation and Entrepreneurship, recruited permanent staff (including permanent CIO) and an advisory Mayor's Tech Council of local leaders, and codified policies and budget through City Council.

Chief Data Officer

September 2014 - October 2015

City of Los Angeles Mayor's Office

- Led Los Angeles to #1 ranking for US Open Data cities in under one year, by publishing over 400 datasets; earned the Platinum Open Data Certification from international data consortium, WCCD.
- Built Mayoral Dashboard, which is used regularly by the Mayor and Senior Staff to increase performance and accountability; the dashboard has saved the city over \$180K, and has been freely reused by other cities.
- Set up first-of-its-kind city data GeoHub (GIS) to share over 1,000 geospatial datasets more easily internally and externally, and deployed various critical applications atop this platform.
- Mobilized the local volunteer community to include 10K+ members that host monthly events and app competitions focused on sustainable innovation; ran largest civic hackathon in the country.
- Supported multiple departments—e.g. Personnel and Fire—in digital transformations through trainings and consultations to enhance citizen experience and reduce costs; earned LA the ranking of #1 Digital City.

Co-Executive Director (Interim)

May 2010 - March 2014

Code for America

Previously: Chief of Staff, Director of Strategy & Communications

- Helped build, launch, and run international non-profit designed to transform local governments through technology, leading growth, product strategy, and assessment.
- Implemented fundraising strategy for a \$10M+ budget, including foundation engagement, corporate sponsorship, and individual philanthropy. Managed and grew multi-million dollar grant relationships with Omidyar Network, Google.org, and other major national foundations, and paired charitable contributions with sales revenue from contracts with dozens of governments.
- Created groundbreaking technology fellowship program for local governments in 2011, recruiting over 360 applicants for inaugural class, selecting top 20 for three teams that created over 20 civic applications in partnership with 3 cities. Over the next three years, the fellowship expanded to 10 cities per year with 30-35 fellows, building hundreds of civic tools.
- Spearheaded development of growth programs: the first-of-its-kind civic startup accelerator, leading to dramatic growth in activity in the space; the Peer Network, a collaborative platform for over 100 government change-agents; and the CfA Brigade, a now 10,000+ member community of volunteer civic technologists.
- Launched internationalization strategy of "Code for All" with various partners including the World Bank.
- Chaired Code for America Summit, the premier gathering of ~1,000 civic innovators from around the world, leading strategy, editorial, and design, growing attendance 275 percent and revenue 150 percent.
- Published *Beyond Transparency*, an anthology compiling dozens of case studies from civic leaders on open data.
- Built policy focus areas (e.g. public health) building product teams designed to develop reusable apps.
- Designed branding campaigns featured in the *New York Times*, *Mashable*, *Gizmodo* & *Boing Boing*.

Manager

September 2006 - April 2010

Rose Institute of State and Local Government

- Oversaw 30 student researchers, supervised project work, handled personnel, and coordinated budget of over \$50,000 with senior staff, focused on government innovation and transparency research agenda.
- Led National Ballot Initiative open data project, researching and cataloging over 900 measures for public access, which led to publication of scholarly book, "Direct Democracy and the Courts," published by Cambridge University.
- Led the Digital Archiving project of 20 student employees to publish hundreds of political documents online, becoming the first digital political library for the state of California.
- Developed, researched, and published, Inland Empire Outlook, a unique economic survey of the region, in collaboration with various professors and students; hosted a parallel conference with local government and business leaders.

Product Marketing

June 2009 - August 2009

Google

- Led creation of digital strategy for "Gone Google" marketing campaign, conducting marketing research, designing digital assets, and developing reusable online tools, which was featured by AdWeek, Mashable, and VentureBeat; campaign reached over 1M in under 10 days
- Developed B2B marketing strategy for a typically consumer product, driving adoption of social media techniques within Google's enterprise marketing team

COMMUNITY & INDUSTRY INVOLVEMENT

SmartCityX (GovTech Accelerator)

May 2020 - Present

Leadership Circle

Coding it Forward (GovTech NGO)

Jan 2020 - Present

Mentor

POLCO (GovTech Startup)

October 2018 - Present

Advisor & Investor
